

Go beyond accounting to manage more of your business with QuickBooks

QuickBooks Enterprise Diamond offers an integrated suite of tools for your complex business, helping you save time, reduce errors, and get more done.

The Woodshed
Orange, CA
QuickBooks Desktop Enterprise customers

The most powerful QuickBooks ever

- **Manage up to 40 users*** with custom permissions that keep you in control of sensitive data.
- **Advanced Reporting*** puts deep business insights at your fingertips. If the data is in QuickBooks, you can report on it.
- **Advanced Pricing*** lets you control, customize, and automate your pricing.
- **Advanced Inventory*** gives you the tools to adapt quickly, reorder, and take care of your customers.
- **Industry-specific editions** for contractors, manufacturing & wholesale, non-profit, retail, and professional services to fit your business needs.
- **TSheets Elite*** eliminates manual time tracking and reduces data entry. Sync timesheet data directly to job costs and payroll. Only pay for the employees who need time tracking.
- **Assisted Payroll*** saves time and reduces errors. We handle your payroll taxes including quarterly and year-end filings. Plus, we guarantee accuracy so you can be confident it's right.*

Optional add-on services based on your business needs:

- **NEW** Use the **CRM connector*** to integrate QuickBooks and Salesforce to reduce duplicate data entry, better serve your customers, gain insights into your business and get paid faster.
- **Accept credit cards**, get paid by smart invoices, and track payments so you know your bottom line when you add QuickBooks Payments.*

Priority Circle builds a guided experience into your Diamond subscription

Your subscription automatically includes unlimited assistance from a dedicated account team who guides your onboarding process every step of the way. And with 24/7 on-demand training, you have the help you need to ensure QuickBooks works for your specific needs—no matter how they change.*
